BASIC UNIVERSE OPTIONS (2010 GENERAL)

These "BASIC" universe options are generic voter universes that progressively incorporate the most current statewide vote history and new voter registration over the last seven elections. While some of these universe options could be considered high propensity, they are not specifically targeted for any particular election. If you are looking for high propensity voters for a particular election, please visit the [Likely Voter Universes](#) page of our website for our other high propensity universe options designed for a specific election, or contact a PDI representative for assistance.
