GLENDALE APRIL 2011 ELECTION LIKELY VOTER UNIVERSES

The below universes are designed specifically for the targeting the projected turnout of the April 2011 Municipal and School board elections. These universes initially focus on voters that voted in previous April odd year elections. Beginning with the smallest or highest propensity universe of voters, each universe incrementally builds on the next to produce a variety of different counts to fit the unique needs and objectives of your campaign. You should base your order on the below universe that best fits your campaign's needs after reviewing the current counts produced by each universe. If you would like to receive additional universes, please contact us with your specific requirements.
